# EXAM PREPS

## CT

### CT EXAMS with IV CONTRAST

Patient may have clear liquids\* after midnight for morning CT scans or clear liquids\* after breakfast for afternoon CT scans. BUN/Creatinine required on all patients over the age of 60 or diabetic. Labs are good for 6 months. Labs is over 60. If diabetic, do not take Glucophage, Glucovance, Metformin, Avadamet, Metaglip, Januvia, Byetta, Fortamet, Janumet, Glumetza or Actomet on the day of the exam. All other medications can be taken. If patient has a known allergy to IV contrast, pick up steroid prep prescription from SMDI 2 days prior to test. NPO 6 hours prior if having IV contrast but drink 3 large glasses of water prior to appointment. Oral contrast needs to be picked up at SMDI.

### CT PELVIS

Pick up oral contrast. Drink 1 bottle at bedtime. Drink 2nd bottle 1.5 hours prior to appointment time. Patient may have clear liquids\* after midnight for morning CT scans or clear liquids after breakfast for afternoon CT scans.

## MRI

### ALL MRI EXAMS

Wear comfortable clothing without metals or zippers. History of working with metal? You must have an orbital x-ray prior to MRI appointment. Any history of pacemaker, brain aneurysm clip, cochlear implants, defibrillator or loop monitor? If yes, notify imaging center staff prior to appointment. You will be unable to have MRI if pacemaker is implanted. If you have history of stent surgery, you must be post-op of at least 8 weeks. All body jewelry must be removed. Do not wear eye makeup. Claustrophobia, no one over 300 lbs. MRI with contrast needs labs if over 60 years old. Patient may eat.

## ULTRASOUND

### ALL ABDOMINAL US EXAMS

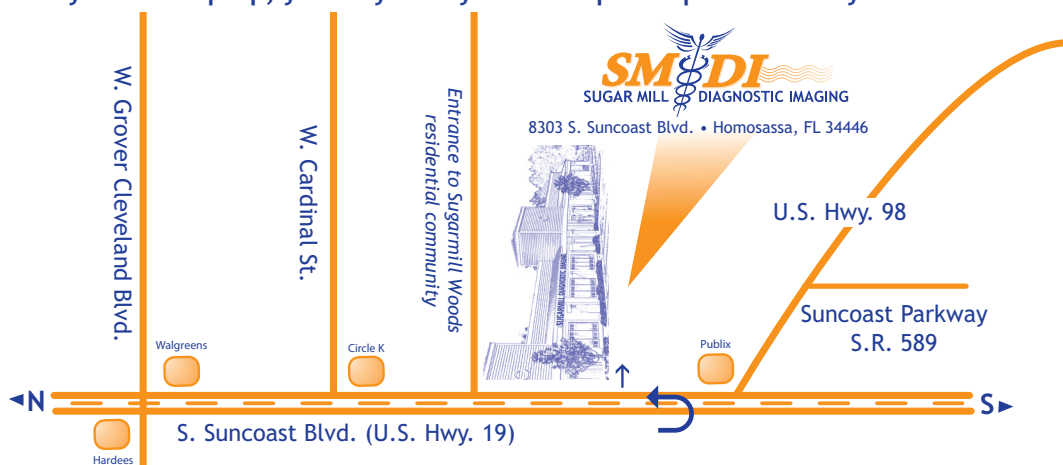

Nothing to eat or drink 6 hours before exam.

### PELVIS US and OB US EXAMS

Drink 32 oz. of water 1.5 hours prior to study, be finished drinking 1 hour before exam time and hold urine. No carbonated drinks! The bladder needs to be extremely full for a good quality examination.

**\*CLEAR LIQUIDS may include the following:** tea and coffee without milk, any juice, clear soups, bouillon, gellatin or ice popsicles, Gatorade and carbonated beverages. Do not eat or drink any dairy products or any solid food.

**Unless specifically stated in prep, you may take your usual prescriptions the day of the exam with liquid.**

### FROM SOUTH

**Brooksville:** 98 N to 19 N, proceed north 1 mile, turn right into Sugar Mill Medical Plaza (or) Suncoast Parkway to 98 N to 19 N, proceed north 1 mile, turn right into Sugar Mill Medical Plaza  
**Spring Hill:** 19 N, proceed 1 mile past intersection of 19 and 98, turn right into Sugar Mill Medical Plaza

### FROM NORTH

**Crystal River/Homosassa:** 19 S past entrance to Sugarmill Woods residential community, proceed 1/8 mile south, make a u-turn and take 1st right into Sugar Mill Medical Plaza (pink buildings).

**If you have any questions, contact your physician or SMDI at (352) 628-9900.**
